“I give because a scholarship made it possible for me to attend college and I would like others to benefit from a Saint E's college experience.

The quality of the education and the supportive, values-infused learning contributed greatly to success in my career and my personal life. If we want Saint E's to continue to do what it does so well, we need to give!”

“I give to Saint E's because my mother, Barbara Blake, '37 loved her time at the college. Also, because she was a graduate, I received an alumna scholarship, which was important in our family of eight children. Saint E's has provided me an education that has enabled me to be in a position in my career in which I can give back.”

Barbara M. Finn, '78
